OBJECTIVE

Seeking an IT management role at your company where I can contribute my coding and project management skills to improve every day IT functions and increase IT-related profitability.

I am looking for an entry-level position to kickstart my career in the software development. I wish to work in a dynamic organisation that will contribute to my professional and personal growth while I contribute to the growth of the company as well as engage in opportunities to further the company's goals.

SKILLS

English

HTML & CSS

NodeJS

ReactJS

Java

.NET
